Go to the Polls.

Union men!—Go to the polls on Thursday the 27th day of May and vote for ANDREWS, MCCLAIN, HAWKINS and PETTIBONE.—They are true and tried Union Republicans. They have shown their faith by their works. Stand by them. They are the regular nominees of the Radical Union party—the party that saved the country from the rebel despoiler.

### Horned Rattle Snake.

Our city jailor, James A. Eates, purchased a horned rattle snake from a showman, who was unable to pay the tax on his snakeship one or two days ago. It was captured in the Rocky Mountains, has twelve rattles, a large flat red head, and is about three feet in length. There are two large horns located on top of the head, three spikes to each horn. It is one of the most formidable snakes, all things considered, that we have ever looked upon. If Barrau had it, he would make thousands of dollars in time by exhibiting it to the curious.

School Fund.

We have been informed by our Superintendent of Public Instruction for this County that within the last ten days he has paid about fourteen teachers, and that all other teachers, whose schools have closed, can receive their pay by calling at his residence on Tuesdays, Wednesdays and Thursdays of each week. We are truly glad to learn that the school fund for this County is kept unexpended, and that it is used for no other purpose than the law contemplates. The money is kept on deposit with the merchants of this place, subject to the order of the Superintendent. We hope, therefore, that the opposition against the public school system will, from this time henceforth and forever, cease. Let the present law be fully carried out, until a better law can be enacted by our Legislature. There are defects, we admit; but all these in time will be remedied.

The Superintendent will, in proper time, make an exhibit through the Union Flag of the number of teachers and the amount expended.

### Hail to a Man.

Let every Republican in East Tennessee drop his work for one day and go to the polls next Thursday and cast his suffrage for the regular nominees of the Republican party, in which are embodied the principles of liberty and right.

### Wood's Household Advocate.

The May, with several back numbers of this monthly is at hand. It is filled with the most excellent reading matter. In politics and news it is silent, but in a fine literature devoted to the interest indicated by its name, it is rich and pure. We heartily recommend this journal to the reading public. Published at Newburg, N. Y., at 25 cents a year, by S. Wood. Post-office Billing.

Thanks.

Hon. R. T. McLain, Chief Clerk, Department of Agriculture, Washington, D. C., has our thanks for a monthly report of the Department of Agriculture for March and April.

### Brainard's Musical World.

The best and the Cheapest Musical Magazine is Brainard's Musical World, published monthly at one dollar per annum, by S. Brainard & Sons, Cleveland, Ohio. We desire to present the following points in its favor:

1st. Twenty pages of choice music and interesting reading are given in every number.

2d. The music is all new, fresh and popular, and from the best writers in the country.

3d. The music in each number, if purchased in sheet form, would cost more than the subscription price for a whole year.

4th. We are authorized and requested to announce the name of JAMES O. SHACKELFORD, present incumbent, as a candidate for Supreme Judge of Tennessee, for the Eastern Division.

5th. We are authorized and requested to announce the name of Hon. HENRY G. SMITH as a candidate for the Supreme Court of Tennessee for the Western Division of the State.

6th. We are authorized and requested to announce the name of Hon. JAMES O. SHACKELFORD, present incumbent, as a candidate for the office of Judge of the Supreme Court, from Middle Tennessee, at the approaching Judicial election.

### The Lady's Friend for June.

The Steel Plate for this number is the beautiful, painted face of Isabella, one of Shakespeare's characters. The Colored Fashion Plate gives a rich and tasteful bridal dress, and others of the latest style; and a number of well-executed woodcuts, illustrate the most picturesque varieties of the present mode. For music, we find appropriately for June, "Eosse Fair as Janey's Check." The literary department looks attractive: "Dimey's Company," by Mary L. Boiles; the continuation of Mrs. Wood's "Eloaidh York," which is growing exceedingly interesting; "The Jews in Rome," by Julia Ward Howe; Miss Prescott's fascinating novelties, "Between Two," and an exquisite poem by Florence Percy, furnish choice entertainment in the way of light reading.

The ladies will find among the illustrations two patterned Bathing Dresses, Published by Deacon P. Peirson, 319 Walnut Street, Philadelphia, at \$2.50 a year (which also includes a large steel engraving); Four copies, 25c. Five copies (and one gratis), \$1.80. "The Lady's Friend" and "The Saturday Evening Post" (and one engraving), \$4.00. Specimen numbers sent free for ten cents.

### Peters' Musical Monthly.

For May it is well, well, sustains the proud title it bears—"The Prince of Musical Monthlies," for if there is any one periodical adapted to suit the wants of all lovers of music, professional or amateur, it is certainly this Magazine.

The May number comes to us overflowing with Choice New Music. There are four New Songs, by Hays, Thomas, Drunks, and Eaton; three Piano Pieces, and we notice a new feature in the shape of six pages of Quarter Music, which will prove a valuable addition; also, a dozen or more pages of Biographical Sketches and Reviews of New Music, that will be of interest to all Musicians. Being largely engaged in the publication of Sheet Music, Mr. Peters has always a fresh stock from which to make his selections. \$4 worth of good Music cannot be picked up every day for 25 cents, and we feel justified in saying that a subscriber at \$3 will give as much Music (and good Music, too,) as you can buy for \$1.00.

This valuable Magazine is published by J. L. Frazee, 128 Broadway, New York, (P. O. Box 512.)

### Colburn's Red Jacket Axe.

This is better than the regular shaped axe for these reasons:

1. It cuts deeper.  
2. It doesn't stick.  
3. It doesn't jar the hand.  
4. Much more strength is wanted in taking the axe out of the tree.

With the same labor you do one-third more work.

With all these good qualities it is made of steel and iron, and temper so well that it will not beat rough usage in any battle with the woodsman.
